Meeting of Beer Sellers Last Night-A Disorderly Gathering-Bucking Against

a Wall-What Is Proposed. For some days past the GAZETTE contained a call for a meeting of liquor dealers, signed by several traders in that article of commerce. The meet-ing was held last night at Gay & Mayer's hall, on Houston street. About twenty-five dealers were present, most ly those making a specialty of beer. The object of the meeting was pretty generally known before it was called to order. Its originators were E. Kuhn and H. P. Shiel, who are engaged in handling Anthony & Kuhn's beer, and the object was to down Lemp's beer, handled by Casey & Swasey. Since Mr. Lemp built his beer vault last spring, his beer is kept in excellent condition and has become very popular with retail fraders, so much so that the other beer has been crowded into a corner Several traders handling Lemp's beer have adopted the custom of selling "schooners" at five cents, and in consequence have attracted a large run of trade. This engendered jealousy on the pert of the others and confabbing has been going on for some time back, the objective point closing law and this induced many Shiel-Kuhn men who are fighting the 'schooners" for five cents proposed in brief to boycott any brewery or agent of such brewery who would sell beer to a retail trader who sold a schooner" of beer for five cents.
